

FAILENN ASELT

Product designer with an architecture background, leveraging a programmatic understanding of mental navigation to create intuitive, seamless software experiences, with an exceptional command of AI tools and modern research methods.

New York, New York | +1 (203) 451-9512 | failennaselta@gmail.com | failennaselta.com

SELECTED PROJECTS

BUDDY | failennaselta.com/buddy

FastAPI · Whisper · GPT-4o · Fal.ai · Mermaid.js · React · Raspberry Pi · Linux · 3D printing · MD creation

- Owned full product lifecycle solo, user research, Figma prototype, to working hardware, shipped in 2 weeks
- Made every product decision: interaction model, AI pipeline, hardware constraints, and deployment strategy
- Executed user testing to refine real-time AI output UX; reduced perceived latency and improved feedback

Eidolon | failennaselta.com/eidolon

Google AI Studio · GCP · Figma · UX Research · Wireframing · Interactive Prototype · Dual Agent AI · MD creation

- Owned full product design lifecycle: research strategy, synthesis, information architecture, and design
- 4 user tests, lo→hi wireframes, and a dual-agent framework built around AI transparency and user autonomy

Fither | failennaselta.com/work/fither

Node.js · p5.js · Groq · Llama 4 · Vanilla JS · Vercel · AI Image Generation

- Built and shipped a real-time dithering playground with an integrated AI dither generator; sole designer and developer

EXPERIENCE

FAILED. Design | January 2026 - Present | Weston, CT

Founder

- Founded and operated an independent design practice, owned business development, design, and delivery
- Cut material waste 80% via parametric process; reduced project costs 40% through fabricator partnerships
- Managed client engagements from initial brief through stakeholder reviews, town approvals, and handoff

N1ghtterrors | February 2021 - Present | Weston, CT

Founder & Product Designer

Node.js · Express.js · Supabase · Stripe · Vercel · Vanilla JS · HTML5 · CSS3

- Sole designer and full-stack engineer, owned brand identity, UX, and e-commerce from concept to launch
- Sold 50% of launch inventory in the first week; shipped design and development updates for 4+ years

ReGenerating Education | July 2025 - January 2026 | Remote

Junior Design Consultant

- Collaborated to challenge traditional educational theory and produce Construction Documents (CDs)
- Synthesized qualitative user research into high-fidelity deliverables across 3+ stakeholder review cycles
- Refined architectural interventions, iterating weekly on massing and layout for programmatic goals

Cloud9 | September 2024 - July 2025 | Blacksburg, VA

Junior Co-Design Lead

- Co-led net-zero installation for Venice Biennale delivered ahead of schedule and under budget
- Directed 25-person team spanning landscape architecture, engineering, and computer science
- Secured \$100K partnership via narrative pitch to USM CEO; co-built parametric design tool

JAHN | August 2023 - December 2023 | Chicago, IL

Intern

- Custom CMS theme with strict typographic system and minimal, brand-aligned UI
- Developed 3D models and printed prototypes for Google's Thompson Center renovation

SKILLS

Code: JavaScript, TypeScript, React, HTML5, CSS3, Python, FastAPI, Node.js, Grasshopper, Next.js, Vercel

Design: Figma, UX/UI, Rhino 8, V-ray, Keyshot, Adobe Creative Suites, Blender

AI / Cloud: Google AI Studio, GCP, OpenAI (Whisper, GPT-4o), Fal.ai, Cursor, Claude

Hardware / Fab: Raspberry Pi, Linux, 3D printing (PLA/Resin)

AWARDS

ECC Awards 2025 - Shortlisted

Top 11 Curatorial Event - Venice Biennale 2025

EDUCATION

Virginia Tech | Blacksburg, VA

B.Arch, Minor: Philosophy, Political Science and Economics AIAS Chapter President

Exchange - USI Università della Svizzera italiana | **Mendrisio, CH**
