

FAILENN ASELT

New York, New York | Open to relocation | +1 (203) 451-9512 | failennaselta@gmail.com | failennaselta.com | github.com/FayfayNEA
Product Designer specializing in complex information architecture and production-ready UI, from discovery and user research through user flows, design systems, and code.

EXPERIENCE

FAILED. | January 2026 - Present | Weston, CT

Founder & Product Designer

FastAPI · Whisper · GPT-4o · Fal.ai · Mermaid.js · React · Raspberry Pi · Linux · 3D printing · Figma

- Shipped Buddy; designed operator-facing UI for an AI device from interaction through production; **buddy-self.vercel.app**
- Founded an independent practice; built products from scratch and set design standards end-to-end
- Shipped solo in 2 weeks using Cursor and Claude; designed novel interactions with no prior template or playbook
- Ran data-driven experimentation with users; 40% changed behavior mid-session, validating core design hypothesis
- Built design system and reusable components in Figma, extending into React and Tailwind

N1ghtterrors | February 2021 - Present | Weston, CT

Founder & Product Designer

Node.js · Express.js · Supabase · Stripe · Vercel · Vanilla JS · HTML5 · CSS3

- Built a D2C storefront end-to-end; directed branding, visual identity, and design system to launch
- Drove community growth and conversion end-to-end: paid social, activation; sold 50% of launch inventory in week one

ReGenerating Education | July 2025 - January 2026 | Remote

Junior Design Consultant

- Led discovery and user research through high-fidelity user flows across a complex cross-functional brief
- Partnered with stakeholders across 3+ cycles; translated user research into actionable design improvements

Cloud9 | September 2024 - July 2025 | Blacksburg, VA

Junior Co-Design Lead

- Co-led service design for Venice Biennale installation delivered 1 week early and 10% under budget
- Directed 25-person cross-functional team, engineers, computer scientists, designers, concept to delivery
- Pitched prototypes in cross-functional reviews, securing \$100K partnership; co-built parametric tool

JAHN | August 2023 - December 2023 | Chicago, IL

Intern

- Custom CMS theme with strict typographic system and minimal, brand-aligned UI
- Developed 3D models and printed prototypes for Google's Thompson Center renovation

SELECTED PROJECTS

Eidolon | failennaselta.com/eidolon

React 19 · Vite 6 · TypeScript · Tailwind CSS 4 · Motion · Gemini Flash · Google Cloud Run · Figma

- Shipped an AI-driven SaaS interface in React 19; 80% of testers found it legible in motion
- Designed analytic dashboards and navigation patterns; prototyped Figma flows to polished production

E*Trade | failennaselta.com/etrade

Figma · Photoshop · Illustrator · UX Research

- Applied evidence-led design to a high-stakes financial dashboard; 67% of users found it less cognitively demanding

Tea Timer | failennaselta.com/teatimer

React 18 · TypeScript · Vite · Framer Motion

- Built a companion timer in React; applied emotional design from 18th-century botanical engraving into a daily ritual

SKILLS

Code: JavaScript, TypeScript, React, Next.js, Node.js, Python, FastAPI, HTML/CSS, REST APIs, Tailwind, Framer Motion

Design: Figma, Interaction Design, Information Architecture, Design Systems, Inclusive Design, Adobe Creative Suite

Generative AI / Cloud: AWS, OpenAI (Whisper, GPT-4o), Gemini, Fal.ai, Llama 4, Claude, Cursor, GCP, prompt engineering

3D / Fabrication: Rhino, Maya, Blender, V-Ray, Three.js, Lumion, WebGL, 3D printing (PLA/Resin), CNC, Raspberry Pi, Linux

AWARDS

ECC Awards 2025 - Shortlisted

Top 11 Curatorial Event - Venice Biennale 2025

EDUCATION

Virginia Tech | Blacksburg, VA | 2025

Bachelor of Architecture, **Minor:** Tibetan Buddhism | AIAS Chapter President

Exchange - USI Università della Svizzera italiana | **Mendrisio, CH**
